## OBSSESSION

Questionable beings have been spotted around the globe, causing abnormal activities.

It was witnessed by many that these beings, radiating red energy, move and create phenomena beyond human level. From research, it has been confirmed there are a total of six of these exotic beings. They are assumed to be similar in form with <EXO>, a being that has been tracked for long now.

My EXO-L! Sorry for making you wait~! We have worked really hard for this album, so let's be happy together again.  
Thank you and love you! ♡
